1. General: Violation of any competition policy adopted by the International Board of Directors is subject to penalty as determined by the panel chair (PC) after consultation with the other judges on the panel. Penalties may range from deduction of a specific number of points to disqualification. Any penalty points assessed are deducted from the total score.
2. Time Penalties
 - a. Performances are timed separately by the panel secretary (PS) and page at regional contests, and by the two (2) panel secretaries (PS) at international contests. In the event of a variance between the recorded times, the time most favorable to the contestant prevails.
 - b. Elimination Sessions
 - (1) Total singing time of the two (2) separate songs or medleys performed in any Sweet Adelines competition other than an entertainment package session shall be not less than three (3) and not more than seven (7) minutes.
 - (2) Timing begins with the first word or chord of a song and ends with the last word or chord of the same song.
 - (3) The two (2) songs or medleys performed are timed separately, and times are added together to determine total singing time.
 - (4) Penalty for singing over the prescribed time limit is one (1) point for every second, up to a maximum of fifty (50) points. Evaluation Only performances that exceed the prescribed limits by thirty (30) or more seconds will result in disqualification. No specific penalty is designated for singing under the prescribed time limit; however, the judges evaluate the effectiveness of undertime performances.
 - c. Entertainment Package Sessions
 - (1) Total Time: Total time of the entertainment package in the Open Division of any official Sweet Adelines competition is:
 - (a) Quartet: Not more than ten (10) minutes.
 - (b) Chorus: Not more than ten (10) minutes.Timing begins at the first word spoken or the first chord of the first song, whichever begins the performance, and continues through the final chord of the last song or the last word spoken, whichever concludes the performance. The three (3) to seven (7) minute timing requirement for the contest song is suspended.

The prepared program, submitted via the Video Cue Sheet, must list all planned activity occurring on stage after completion of the entrance and following the official introduction. Planned activity occurring prior to the first word spoken or the first chord of the first song, whichever begins the performance, will result in disqualification if in the opinion of the panel chair (PC) and a majority of judges on the panel the time spent is excessive and results in a delay of the contest.
 - (c) Overtime: Performances that exceed the prescribed limits by thirty (30) or more seconds will result in disqualification.
 - (d) Undertime: No specific penalties are designated for performances under the prescribed limits; however, judges evaluate the effectiveness of obviously undertime performances.

(2) Total Time: Total time of the entertainment package in Harmony Classic or the finals session of any official Sweet Adelines competition is:

(a) Quartet: Not less than ten (10) and not more than fifteen (15) minutes.

(b) Chorus: Not less than twelve (12) and not more than fifteen (15) minutes.

Timing begins at the first word spoken or the first chord of the first song, whichever begins the performance, and continues through the final chord of the last song or the last word spoken, whichever concludes the performance. The three (3) to seven (7) minute timing requirement for the contest song is suspended.

The prepared program, indicated via the Video Cue Sheet, must list all planned activity occurring on stage after completion of the entrance and following the official introduction, via the Video Cue Sheet. Planned activity occurring prior to the first word spoken or the first chord of the first song, whichever begins the performance, is subject to inclusion in overtime calculation if in the opinion of the panel chair (PC) and a majority of judges on the panel the time spent is excessive and results in a delay of the contest.

(c) Overtime: One (1) point per second is assessed for performances over the prescribed limits, up to a maximum of fifty (50) points.

(d) Undertime: No specific penalties are designated for performances under the prescribed limits; however, judges evaluate the effectiveness of obviously undertime performances.

2. Rule Infraction Penalties

- a. Official Language: The official language for songs designated as competition songs in Sweet Adelines competitions is American English (see the Music Category, JCDB, for additional clarification). Languages other than English may be used for noncompetition songs included in the entertainment package of the Open Division, Harmony Classic or a chorus or quartet finals session. In all competition sessions, the penalty ranges from a minimum of ten (10) to a maximum of twenty-five (25) points, depending on severity. Performance of competition song(s) not sung primarily in English in Open Division or Evaluation Only, at the regional level, will result in disqualification.
- b. Official Songs: The official songs of Sweet Adelines International are *Harmonize The World* and *How We Sang Today*; neither of these songs may be sung in any competition session, including the entertainment package. Performance of any official song results in disqualification of that song with a score of zero (0) from all official judges. Performance of any official song in Open Division or in Evaluation Only will result in disqualification. Performance of any official song in the entertainment package results in disqualification of that package with a score of zero (0) from all official judges.
- c. Religious and Patriotic Songs: Religious and patriotic songs may not be sung as contest songs in competition (see the Music Category, JCDB, for further clarification). Performance of any contest song that is considered by the music judge(s) and a majority of the judges on the official panel to be either religious or patriotic, results in disqualification of that song with a score of zero (0) from all official judges. Performance of a religious or patriotic song as the contest song in Open Division or Evaluation Only will also result in disqualification.
- d. Performance Content
 - (1) Eliminations Sessions: Competition performance (time on stage) is confined to singing. An occasional special sound effect (e.g., a cough, a sigh, a clap, a finger snap, a yell, etc.) is permissible, but spoken material or noise-making devices (e.g., bells, whistles, tambourines,

- drums, etc.) may not be included. In all sessions, the penalty ranges from a minimum of ten (10) to a maximum of twenty-five (25) points, depending on severity. Inclusion of spoken material or noise-making devices during the competition song in an Open Division performance or during an Evaluation Only performance will result in disqualification.
- (2) Entertainment Package Sessions: Spoken material and/or sound effects, as defined above, may be utilized in any of the noncompetition songs included in the entertainment package.
- e. Crowns or Tiaras: Crowns are neither worn by nor presented to any contestant other than the quartet winning first place in the international quartet competition. In all sessions, penalty for violation is twenty-five (25) points. Crowns worn by a contestant in Open Division or Evaluation Only performances will result in disqualification.
- f. Staging and Lighting
- (1) Eliminations Sessions: Staging and lighting are uniform for all contestants. No penalty is attached to the use of props or visual devices in any regional or international contest sessions. The degree to which such use enhances or detracts from the performance is reflected in the showmanship score.
- All props and visual devices must enter and leave the performance venue with the chorus or quartet. Storage space for any props or equipment, other than riser chairs or medically necessary items, is not provided at the contest venue.
- Props or visual devices requiring excessive set up time will be subject to delay of contest penalties.
- All contestants are required to leave the stage in the condition they found it. Anything discarded or dropped must be removed and exit the stage with the contestant. In all sessions, penalty for violation is twenty-five (25) points. For contestants performing for Evaluation Only this will result in disqualification.
- Any contestant that purposefully throws an object(s) into the audience or judging pit from the competition stage may be assessed a minimum penalty of twenty-five (25) points up to a maximum penalty of disqualification from the contest.
- (2) Entertainment Package Sessions: Special staging and/or lighting effects may not be incorporated into the songs designated as competition songs but may, at the discretion of the International Board of Directors, be utilized as part of the noncompetition songs included in the entertainment package. No penalty is attached to the use of props or visual devices in any regional or international contest sessions. The degree to which such use enhances or detracts from the performance is reflected in the showmanship score.
- All props and visual devices must enter and leave the performance venue with the chorus or quartet. Storage space for any props or equipment, other than riser chairs or medically necessary items, is not provided at the contest venue.
- Props or visual devices requiring excessive set up time will be subject to delay of contest penalties.
- All contestants are required to leave the stage in the condition they found it. Anything discarded or dropped must be removed and exit the stage with the contestant. In all sessions, penalty for violation is twenty-five (25) points. In Open Division, this will result in disqualification.

Musical accompaniment is permitted as part of the noncompetition songs included in the entertainment package.

Any contestant that purposefully throws an object(s) into the audience or judging pit from the competition stage may be assessed a minimum penalty of twenty-five (25) points up to a maximum penalty of disqualification from the contest. In Open Division, this will result in disqualification.

- g. Misconduct: Any contestant, including a chorus director, may be disqualified for conduct deemed, in the judgment of the panel chair (PC) and a majority of the remaining judges on the official panel, to be prejudicial to the welfare of Sweet Adelines International.
- h. Designated Performance Time
- (1) Contestants are expected to report for entry into the traffic pattern at the time and place designated by the regional competition coordinator and/or Competition Services staff of International headquarters, and are expected to be ready to perform in their assigned sequence. Any contestant who fails to appear and/or is not ready to perform in the contest at the time designated is penalized twenty-five (25) points, loses position, and appears at the end of the contest.
 - (2) If failure to appear is due to circumstances beyond the control of the contestant, tardiness may be excused and penalty withdrawn upon the decision of the panel chair (PC) and a majority of judges on the official panel. If it is determined that tardiness was premeditated in order to lose position and appear at the end of the contest, the contestant is disqualified.
 - (3) It is expected that a chorus' entrance or exit be completed in a timely fashion. If, in the opinion of a majority of the official panel, a chorus' entrance or exit exceeds a reasonable amount of time, creates a distraction, and/or delays the contest, a penalty may be assessed.
- i. Traffic Pattern: Contestants are expected to move through the traffic pattern as instructed by international staff or personnel officially assigned to manage the traffic pattern flow. A penalty may result if a competitor's action and/or failure to act causes a delay or disruption in the traffic pattern. In all sessions, the penalty ranges from ten (10) to twenty-five (25) points, depending on severity. In Open Division or Evaluation Only this may result in disqualification.
- j. Participants: Only the director(s) and performing members of a competing chorus may appear on stage. A penalty may result, if in the opinion of the official panel, the presence of a "non-singing" member is a distraction and/or detracts from the musical performance. In all sessions, the penalty ranges from ten (10) to twenty-five (25) points, depending on severity. In Open Division or Evaluation Only this may result in disqualification.
- Only the four (4) officially registered members of the competing quartet may appear on stage during the quartet's competition performance.
- k. Minimum Chorus Size: Competing choruses must have at least fifteen (15) members on stage, not including the chorus director(s). A chorus that competes with fewer than fifteen (15) competing members, not including the chorus director(s), may perform for Evaluation Only or Open Division and receive a written evaluation from each judge, provided that all other requirements for entering the competition have been met. Scores recorded on the scoresheet reflect performance levels rather than specific points earned. The number of competing members is calculated according to the List of Competing Members form submitted to the regional competition coordinator or Competition Services staff of International headquarters at the chorus briefing session.

- l. Change in Entertainment Package: Contestants qualifying for Harmony Classic or the finals session of a competition are required to submit a prepared program, via the Video Cue Sheet, that lists the songs to be performed, designates the song to be judged as competition material, and indicates the placement of emcee material. It must also list all planned activity that occurs prior to the first song or emcee material. Any deviation from the submitted program results in a penalty of seventy-five (75) points.

Choruses or quartets competing for Evaluation Only in Open Division are required to submit a prepared program, via the Video Cue Sheet, that lists the songs to be performed, designates the song to be judged as competition material, and indicates the placement of emcee material. It must also list all planned activity that occurs prior to the first song or emcee material. Any deviation from the submitted program results in disqualification.

SECTION VI: VIDEO EVALUATION GUIDELINES

1. Purpose: Choruses and quartets have the option to submit a video recording for Evaluation Only or Open Division by the official panel for their regional/area competition. This option is exercised when a chorus or quartet wants the educational benefit of the evaluation but is unable to perform on stage during the annually scheduled regional/area convention. This option may prove invaluable to a chorus or quartet that cannot routinely compete every year because of expense or other reasons. It could also relieve some of the stress of the host or assistance chorus if it chooses this option rather than performing on stage along with its hosting responsibilities. Any registered quartet or chartered or prospective chorus is eligible to exercise this option.

Members of choruses or quartets who choose this option are still encouraged to attend their regional/area convention.

2. Entry Procedures

- a. A chorus or quartet choosing to submit a video recording for Evaluation Only or Open Division must complete the following steps.
 - (1) Submit a formal entry form and registration fee, adhering to all established entry deadlines.
 - (a) Choruses or quartets may choose to submit a video recording only to their assigned region/area.
 - (b) A quartet or chartered or prospective chorus in the Satellite Area may choose, with the approval of Competition Services at international headquarters, which region it will participate in. This approval must be obtained at least 90 days prior to the competition date.
 - (2) Submit the video recording (DVD format only), prepared in accordance with the requirements listed below, to the regional competition coordinator (CC) the week prior to the competition date or deliver the DVD to the CC or her designee on the Thursday of the convention weekend. Discuss with the CC, well in advance of the competition, which method will best fit the needs of the chorus or quartet. It is the responsibility of the chorus or quartet to ensure that the CC, or her designee, receives the DVD at the designated time.

3. Requirements for Recording

- a. Ideally, the video camera used to record the performance should be able to take direct sound input from balanced microphones. If not, the DVD should be checked to ensure that the quality of the recording is sufficient for an effective evaluation.
- b. One (1) to three (3) cameras should be used. The camera(s) should be on a stand and not hand-held.
- c. The recording is to be submitted on a DVD.
- d. The facility and the lighting should be suitable for a competition performance. Lighting is to be uniform for the entire performance and no special effects are to be used.

- e. Camera shots should be taken with the Showmanship judge in mind. She needs to see facial expression, choreography, full shots, etc. It is recommended that during ballads there should be more close-ups and panning. During uptunes, wide-angle shots are usually more effective. Long shots should frame the chorus. Be sure to have a variety of shots without creating a jumpy video or giving the viewer a feeling of a rolling sea.
 - f. At the beginning of the recording, an individual is to introduce the contestant, announcing the name of the chorus or quartet. For choruses, the announcement should include the director's name and the chorus's official location.
 - g. The chorus or quartet will perform either two (2) contest songs if submitting for Evaluation Only or at least one (1) contest song, one (1) non-contest song and emcee work if submitting for Open Division. The performance is subject to all contest rules, such as timing, content, etc. and should include a formal bow.
 - h. Choruses must be on risers. The chorus or quartet should be in full costume and make-up. The make-up must be applied in such a manner that it is appropriate for video recording.
 - i. The submitted DVD is the property of Sweet Adelines International and will not be returned to the chorus or quartet.
4. General Procedures
- a. Competition Services at international headquarters will notify the panel chair (PC), regional competition coordinator (CC) and official panel liaison (OPL) of the regions/areas involved, of the names of the choruses or quartets planning to submit video recordings forty-five (45) days prior to the competition weekend.
 - b. The regional competition coordinator (CC) will give the recordings to the panel chair (PC) along with the other judging papers. Scoresheets and contestant envelopes will be provided by Competition Services at international headquarters.
 - c. The official panel will review the DVD(s) submitted for evaluation immediately following the viewing of the chorus level DVD and prior to the start of the official contest. The panel must allow sufficient time for this purpose.
 - d. The official panel will complete the scoresheets using a level score rather than a number. The original copy of the scoresheet will be placed in the competitor envelope and sent by the official panel liaison (OPL) to the evaluated chorus or quartet. Pre-paid postage will be on the envelopes whenever possible. If pre-paid postage is not available, the official panel liaison (OPL) should submit a copy of the receipt to Competition Services at international headquarters within forty-five (45) days for reimbursement.
 - e. One copy of the scoresheet, along with the DVD, is to be returned to Competition Services at international headquarters by the panel secretary (PS). This is to be included with the other competition material.
5. Restrictions
- a. Submitting a video recording for Evaluation Only or Open Division does not fulfill the existing requirement of choruses to compete every three (3) years in order to maintain their charter.
 - b. Choruses or quartets submitting a video recording are not eligible for any prizes or awards.
 - c. A chorus or quartet submitting a video recording for Evaluation Only or Open Division may not perform on the regional contest stage for evaluation or placement in the same year.

SECTION VII: RISING STAR1. Section I: Administrationa. Purpose of Competition

- (1) Competition is a primary educational tool and performance opportunity for advancing the musical art form of barbershop harmony.
- (2) The Rising Star Quartet competition is held for the purpose of recognizing superior participation by young women in the barbershop art form.

b. General Procedures

- (1) Competition Songs: Quartets shall be prepared to sing two songs or medleys appropriate for use in a Sweet Adelines competition, in accordance with standards defined in the Judging Category Description Book (JCDB).
- (2) Attire: Costuming/Make-up/Hair: The emphasis in a Sweet Adelines performance is on the unit, not any single individual. Quartets shall be costumed in stage appropriate attire in a style and color combination that is flattering to each quartet member with an emphasis upon visual unity in accordance with standards defined in the Judging Category Description Book (JCDB). While most performers reinforce unity by choosing costumes that are uniform in both color and style, it is sometimes possible to depart from this sameness while maintaining a unit appearance. Accessories such as belts, collars, appliqués, sequins, rhinestones, gloves or jewelry should always complement the costume rather than provide a point of visual distraction. Finally, effective costuming will draw attention to the faces of the performers and enhance communication with the audience.

Costumes should be clean and well pressed. Costumes should also be well fitting, include the proper undergarments and allow for the breathing mechanism to function properly. In selecting color and fabric, the performer should consider how it will be affected by the intense stage lighting used in Sweet Adelines competitions and the fact that they will also be shown via video camera on the big screens in the competition venue as well as on the internet via the Webcast.

Makeup should be used to emphasize each member's features in a theatrical setting that has bright lights as well as videography. Hair should be neat, tidy and off-the-face enough to emphasize the facial expressions of the performers. Again, the emphasis should be an appearance of visual unity.

- (3) Supervision: All Rising Star Quartet competitions are held under the supervision of Sweet Adelines International and are subject to the Rising Star competition and judging rules and regulations adopted by the International Board of Directors.
 - (a) On-site supervision of the Rising Star Quartet competitions is assigned to Competition Services at international headquarters, who works in conjunction with the International President, the Education Direction Committee (EDC) and the panel chair (PC) to see that all aspects of the competition operate in accordance with the rules and regulations of the Rising Star Quartet competition.

 - (3) Entry forms are accepted in the order of receipt with a maximum of twenty (20) accepted.

g. Photography

- (1) Arrangements for the official photographer for the competitions are made by the co-hosting region and Competition Services at international headquarters, subject to approval of the International Board of Directors. In the case that the Rising Star competition takes place in tandem with an internationally sponsored event, arrangements for the official photographer are made by the Director of Marketing and Communications, the Director of Events and Competition Services at international headquarters, and is subject to approval by the International Board of Directors.

The official photographer for any official Sweet Adelines competition has the exclusive right to take photographs for sales purposes. This does not restrict news and amateur photographers from taking pictures for purposes other than sale.
