INTRODUCTION

Congratulations! You are now officially a registered quartet of Sweet Adelines International. May your quarteting experience bring you musical growth, performance memories and life-long friendships.

If you haven't done so already, you will want to read "*Guidelines for Forming a Quartet.*" The information contained in that guide is vital to the initial formation and operations of a quartet. The topics discussed in the guide are:

- Organizing the Quartet
- Quartet Goals
- Administrative Assignments
- Choosing a Name
- The Musical Product and Visual Presentation
- Quartet Rehearsal
- Vocal Production
- Balance and Blend
- Music
- Visual Presentation
- Performances
- Planning and Preparation
- Music Selection
- Guidelines for Auditioning Quartets
- The Quartet Coach
- Selecting a Coach
- Working With the Coach
- Basic Criteria for Public Performance

Copies of the guide may be obtained from your chapter president, who can make as many copies as needed for distribution to interested chorus members. You can also request a copy by contacting the Quartet Registrar, Emily Mock, at emily@sweetadelines.com or 1-800-992-7464 at international headquarters. It is also available on our website at www.sweetadelines.com.

This handbook will list and discuss policies that affect quartets, including:

- A. Restrictions on Registrations
- B. Auditioning Prior to Performing
- C. Regional Quartet Competitions
- D. International Quartet Competitions
- E. Quartet Recordings
- F. Resources

A. Restrictions on Registrations

It is important to note that all requirements for charter renewal of the quartet member's chapter must be met before quartet registration can be processed at international headquarters. Should the quartet registration be received at international headquarters before the chapter's charter renewal is processed, the registration will be held until the chapter renews its charter.

Following are the various restrictions on choosing and registering a quartet name:

- (1) A quartet with one or more MAL (Member-at-Large) members may not compete.
- (2) A currently registered quartet must retain two members in order to maintain its quartet name.
- (3) The names of current or past international championship quartets are protected and may not be used or registered by another quartet.
- (4) The names of international semifinalist quartets (those placing 2-15 in the international quartet competition) are protected and may not be used or registered by another quartet for a period of five years from the end of the current fiscal year, when the latest ranking as international semifinalists was achieved.
- (5) The name of an international semifinalist quartet which loses its ranking as a result of personnel changes may not be used nor registered by remaining members or another quartet for a period of five years from the end of the fiscal year, when the latest ranking as international semifinalist was achieved.
- (6) The names of regional championship quartets are protected and may not be used nor registered by another quartet for a period of one year from the end of the fiscal year when the latest ranking as regional championship quartet was achieved.
- (7) The name of a regional championship quartet or a wildcard quartet, which loses its ranking as a result of personnel changes may not be used nor registered by remaining members or another quartet for a period of one year from the end of the fiscal year, when the latest ranking as regional championship quartet was achieved.
- (8) It is necessary to notify international headquarters, in writing, in the event of a change in quartet personnel or the contact's address. A change in the name of a quartet may not be made except at the beginning of each fiscal year.

B. Auditioning Prior to Performing

Auditioning quartets not only assures the quality of Sweet Adelines International performing groups, but also assists them in improving the quality of their performances. Chapters generally require quartets to pass an audition prior to their first public performance. It is recommended that chapters use the Basic Criteria for Public Performance (found at the beginning of Section VIII of the Chapter Guide or in the Guidelines for Forming a Quartet) as the basis of evaluation.

Most chapters have established audition procedures to determine a quartet's readiness for public performances. Quartet auditions may be conducted by the chorus director, the music committee, or by a specially-formed audition committee. Members chosen to participate in the audition committee do not have to be experienced judges. Education coordinators are responsible for auditioning all chapter-at-large quartets.

The auditioning quartet is required to present a mini-performance of two or three songs, including emcee material and costumes. Following the performance, members of the audition committee should complete an "Audition Evaluation" form. Results of the evaluation should be given to the quartet as soon as possible after the audition. Specific comments regarding quality of musical product, choreography, and appearance are considered to be most helpful. If the quartet is not approved for public performance, audition committee members should offer suggestions for coaching help. Chapter-at-large quartets may submit their audition by sending a video recording of a 15-20 minute performance package, in costume and including emcee material, just like an actual performance.

If a quartet's members are from more than one chapter, the quartet should audition for all chapters involved. When one or more voice part is changed, the quartet should re-audition. Any quartet formed specifically to sing at a one-time performance such as a chapter show, church service or club meeting, also should be auditioned. To help quartet members feel at ease, a letter explaining the audition procedure and areas to be evaluated should be provided in advance to each quartet.

C. Regional Quartet Competition

Any quartet is eligible to compete in its regional quartet competition, provided that:

1. Each chapter represented by the quartet is in good standing with Sweet Adelines International as of April 30, i.e., current in the payment of per capita fees;
2. Each chapter represented by the quartet is in good standing with the region in the timely payment of regional assessments or entry requirements, as applicable, no later than 60 days prior to its regional quartet competition;
 - a. A member may belong to more than one registered quartet.
 - b. A member may compete in up to two different quartets during the same regional contest, as long as they are in different competition divisions (e.g., one quartet in the International Division and one in the Open Division). No more than two members per quartet may compete in the second quartet in the same regional contest.

3. Each member of the quartet is a member of Sweet Adelines International in good standing with her chapter, as defined in the respective chapter's standing rules;
4. A quartet will be listed as new or renewed **no later than January 15**. A new quartet that decides to form after January 15, will be charged an additional processing fee of \$60.00. **This rule pertains only to quartets newly forming.** The quartet registration fee is \$100.00 until January 15. Beginning January 16 through March 31, there is an additional \$60.00 processing fee. Quartets are not registered or processed during the month of April. *If your quartet renewed during the Quartet Renewal period (May 1 through July 31) then you are still in good standing and this rule does not apply to you;*
5. At least three members of the quartet are members of a chapter (including chapter-at-large) in the region where the quartet wishes to compete;
6. A quartet containing MAL (Member-at-Large) members is not eligible to compete;
7. The quartet competition performance be limited to only the four members in the quartet;
8. An associate member belonging to a quartet may compete in regional competition provided the quartet is registered with international headquarters by January 15 prior to that year's regional competition. The member must be current on international per capita fees and regional assessment dues 60 days prior to the regional competition in which she plans to compete;
9. No substitution of personnel occurs after the late-entry deadline date 45 days prior the date of the regional quartet competition;
10. When the quartet consists of members from more than one region:
 - a. If three members are members of a chapter(s) in the same region, the quartet must compete in that region (this includes chapter-at-large).
 - b. If fewer than three members are members of a chapter(s) or chapter-at-large in the same region, the quartet seeks approval from the Director of Education and Competition Services to enter regional quartet competition in one of the regions with which it is affiliated. The quartet then competes in subsequent regional quartet competitions in the designated region as long as quartet personnel and region affiliations remain the same.
 - c. A quartet competitor who is a member of chapter-at-large or who is a transfer/transition member must be in good standing with her region in the timely payment of regional assessments no later than 60 days prior to the date of regional quartet competition.
11. Current or past international champion quartets and current international finalist quartets may enter regional quartet competitions for Evaluation Only or Open Division;
 - a. Two members of an international champion quartet who were members of the quartet when that ranking was achieved may form a new quartet with a new name. The new quartet is eligible to enter regional quartet competition for International Division.

- b. An international champion quartet that includes three or more members who were members of the quartet when that ranking was achieved, may enter regional quartet competition for Evaluation Only or Open Division.
12. Unregistered quartets with members in an area prospective chapter may perform for Evaluation Only or Open Division in an area competition;
13. Quartets performing for Evaluation Only or Open Division are not eligible for any international prizes or awards; and
14. Satellite quartets are eligible to compete in a regional competition provided that permission has been granted by the leaders of the region in question. *A Satellite Quartet is a quartet registered or unregistered with Sweet Adelines International that has no regional affiliation, due to lack of an established region in their vicinity.*
 - 1) Satellite area quartets are not eligible for awards at regional competitions; however a registered satellite quartet can qualify to compete in the next international quartet competition by achieving a score of 580 or more points.
 - 2) Unregistered satellite quartets may enter competition for Evaluation Only or Open Division.
