Total Hours Attended _____

CONTINUING EDUCATION UNITS APPLICATION

(\$30 application fee must accompany each form.)

Members of Sweet Adelines International may request Continuing Education Units (CEUs) for participation in internationally sponsored events, e.g., seminars, workshops, and conventions. CEUs are beneficial to anyone who has a job in which they must certify or recertify, however, CEUs are not college credit in the traditional sense. In our organization, teachers seem to be the ones that use CEUs the most. Since teachers have to earn continuing education credit for recertification, this program allows our members to count their Sweet Adeline involvement toward this. All CEUs are processed through University of Central Oklahoma. CEU applications are available through the Education Department. Completed forms may be mailed or faxed, along with payment, to International Headquarters.
