Seattle 2010

Connie Heyer, membership registrar, has retired after 38 years of service to Sweet Adelines International. Many of you have spoken with and met Connie over the years. Connie could answer any question members and staff had and she did it with courtesy, delight and promptness. We all wish Connie luck and happiness in her retirement.

Mass Sing

Sweet Adelines jumped right on the flash-mob bandwagon in Seattle. A flash mob is basically a surprise group dance. A small portion of a crowd begins to dance, then more jump in, and more until the scene takes on a life of its own. The fun comes in shocking the folks around you and coopting them to join along.
