Sweet Adelines Stories: From the History of the Crystal Collection

In 1990, the members of Crystal Collection were in their room getting ready when a call came telling them the pattern was running early.

Marylyn's nails were wet, so quartet friend Brenda Thomas put her pantyhose on her (now that's a true friend!).

They made such good time that they got their picture made before the quartet that was supposed to be ahead of them!

They went on to win their first medal, coming in third. (At the time, SA only gave medals for first, second, and third place.)
