## TO THE REFERENCE:

The person whose name appears above is applying for a scholarship which will be awarded by Sweet Adelines International. The Small and Midsize Chorus Director Scholarship provides scholarships to frontline directors of small and midsize Sweet Adelines choruses (60 or fewer members) to attend Sweet Adelines International sponsored events which include director education. This scholarship is intended to support directors of small and midsize choruses which may not have the financial resources to send their director to an internationally sponsored event. The ideal candidate will demonstrate commitment, dedication, and passion for learning and teaching the barbershop style, and continuing growth in musical and leadership skills.

The scholarship committee reaches an award decision by considering information provided by the applicant as well as input from references. Your candid evaluation is given significant consideration.

1. How long and in what capacity have you known the applicant?

2. In what ways have you seen this applicant demonstrate a passion for learning and teaching the barbershop style?

3. How does the applicant demonstrate leadership as it relates to directing a chorus?

4. In what ways have you seen the applicant pursue continuing growth of musical and leadership skills?

5. In what ways have you seen this applicant support and further the mission of Sweet Adelines International?

6. What information can you provide that would distinguish this applicant from others?

My recommendation of this applicant for the Small and Midsize Chorus Director Scholarship (check one):
