

Sweet Ads How To: Create & Send Dropbox File Link

1. Save the performance on your computer as a .mp4 file.
 - Include the name of your chorus in the name of your .mp4 file.
 - Example: School-Name-Chorus_SA-YWIH-Video-Chorus-Contest2019
2. Login to your Dropbox account at www.dropbox.com. (A personal Dropbox account is free).
3. On the left-side navigation menu, select “Files”

4. On the right-side navigation menu, select “Upload Files”

5. Locate the .mp4 file on your computer. Double click the file to upload to Dropbox.
6. Hoover your mouse over the file name. On the far right side of the file row, select the “share” button.
7. Select “Create a link”
8. Select “Link Settings”
9. Make sure that the “Expiration” and “Disable downloads” settings are turned off. If you had to turn off the settings, select “Save”. If you did not have to modify the settings select “Cancel”.
10. Select the “Share” button. Select “Copy link”.
11. Email the link to competition@sweetadelines.com. Include your chorus’s name in the email subject line.
