NOTES OF INTEREST

- The 3 year competition requirement for choruses is currently suspended, and in its place is a temporary policy stating that all choruses must compete either in 2022 regionals or 2023 regionals. For 2022, video submissions were allowed to fulfill that competition requirement. There is no such stipulation for the 2023 competition season. This means that if a chorus did not compete in 2022 regionals, they must either compete in 2023 regionals or request a presidential waiver through their region's Education Coordinator. For questions about this process, please email competition@sweetadelines.com.
- All songs that are sung in any Sweet Adelines International contest must have received an "Admissible" rating through the [Song Assessment Tool](#) prior to its performance. Any performance that is found to contain a song not rated "Admissible" will be immediately stopped and subject to disqualification.
- Open Division competitors are placed in the random order of appearance draw with International Division competitors. Evaluation Only competitors will still compete first in their respective riser configurations.
- Competitors disqualified from any competition, in any division, **will receive a scoresheet**. However, the level scores will be removed.
- Performance time for International Division, (including Evaluation Only) is not to exceed seven (7) minutes, while performance time for Open Division is not to exceed ten (10) minutes.
- The International Board of Directors continues to reaffirm the policy requiring that only copyrighted music is sung at the regional competition. By signing the entry form, choruses warrant they have obtained appropriate clearance permission for the arrangements they plan to sing. This includes obtaining appropriate permissions for singing parody lyrics.
- For a complete explanation of the requirements and category weights of each of the four judging categories along with the Open Division elements, please refer to the [Judging Category Description Book](#).

- If you have any questions specific to your **regional convention**, please contact your events coordinator (EVC) or chair of regional convention (CRC).
- If you have questions regarding the **competition**, please feel free to contact the **Competition Department** at IHQ.

ENTERING THE 2023 REGIONAL COMPETITION: CHORUSES

Rules to Enter:

- A minimum of 12 singing members, not including the director(s), are required to compete in the International Division. A chorus with fewer than 12 members on stage performs for Evaluation Only or Open Division and receives a written evaluation of their performance from each judge.
- Any chorus delinquent in paying its regional assessment as of 60 days prior to regional competition is not in good standing with the region and is ineligible to compete. If it is paid, the Competition Department must receive notification from the region that the member or chorus is in good standing and eligible to compete.
- Refer to the *Competition Handbook* for a complete list of competition policies and procedures.

3-Year Competition Requirement:

- Please note: The 3 year competition requirement for choruses is currently suspended, and in its place is a temporary policy stating that all choruses must compete either in 2022 regionals or 2023 regionals. For 2022, video submissions were allowed to fulfill that competition requirement. There is no such stipulation for the 2023 competition season. This means that if a chorus did not compete in 2022 regionals, they must either compete in 2023 regionals or request a presidential waiver through their region's Education Coordinator. For questions about this process, please email competition@sweetadelines.com.

Entry Fee:

- Chorus entry: \$150 USD (up to 60 days prior to competition)
- Chorus late entry fee: \$250 USD (from 59-45 days prior to competition)
- Entries received after 45 days prior to contest are not processed

Riser Change Fee:

- All regions will determine the riser configuration(s) that they will offer during the contest. Each chorus will get to choose from those options which configuration they prefer. If no selection is made, the chorus will automatically be assigned the "inverted" option.
- Any change in your riser configuration after the initial Order of Appearance (55 days prior to competition) has been drawn results in a **\$50.00 USD** fee. Further, the chorus will be treated as a late entry and is assigned to perform at the beginning of their appropriate session.

- Entries **MUST** be received at IHQ by the entry deadline. Refer to the *2023 Regional Dates and Deadlines* to view your region's schedule.

Sending in Your Entry Form:

- Submitting your entry late affects your order of appearance. Entries received during the late period (59-45 days before competition) will not appear in the initial order of appearance drawing, but

- All faxed entry forms should be sent to 1.918.388.8083
- *Note: please do not fax an entry form that has already been processed online; this could result in duplicate charges.*

Song Information

All songs that are sung in any Sweet Adelines International contest must have received an “Admissible” rating prior to its performance. Admissibility can be achieved one of two ways:

1. Checking the Song Assessment Database

- If the title and arranger of the song you intend to sing are already rated in the tool, you do not have to submit them again.
 - If it is “Admissible” then you simply put the date that you checked the tool on your entry form to show it was admissible.
 - If the song was submitted, but not your specific arrangement, you must submit the arrangement through the tool, but you will not have to submit research.

2. Submitting a new song through the Song Assessment Tool

Competitor Entry forms contain space for competitors to include the Song Titles, Arrangers, and Dates that each song was rated as “Admissible”. Competitors should fill out these forms with any and all songs that might be performed at regional contest. **ENTRY FORMS WILL NOT BE ACCEPTED IF THIS SECTION IS BLANK.** Competitors will then turn in a Song Information Sheet at their briefing, which is their last opportunity to make any changes to their song choice.

- Refer to Section VI of the *Competition Handbook* for complete guidelines.

QUALIFYING FOR INTERNATIONAL: CHORUS

The 2023 Regional Chorus Champions are eligible to compete in the 2024 International Chorus Competition.

- If the first place chorus withdraws from international competition, the second place chorus is invited. If the second place chorus is a wildcard or declines, an invitation is not extended to other placements.

- The next highest scoring regional second place chorus is invited if an eligible chorus chooses not to compete.
- Any wildcard chorus that qualifies for the International Chorus Semifinals by virtue of score and chooses to compete in the next year's international competition is not allowed to compete for placement at the following regional competition.
- Announcement of wildcards is made after all regional contests are complete.
- To aid in the decision-making process, please start these discussions early. If you receive a wildcard invitation, these prior discussions will help speed up the decision process. Choruses have *seven* days to respond to any wildcard invitation.
