

IRS Form 990-N Electronic Filing System (e-Postcard) User Guide

Steps for using the Form 990-N Electronic Filing System (e-Postcard)

REMINDER

An organization cannot file Form 990-N until after the end of its [tax year](#). For example:

- **Calendar Year Filers**

If your organization uses a calendar year (Jan. through Dec.) as its tax year, it must wait until the following January 1 (after the tax year is complete) to file.

- **Fiscal Year Filers**

If your organization uses a fiscal year (for example, Oct. 1 through Sept. 30) as its tax year, it must wait until the following October 1 (after the tax year is complete) to file.

The IRS determines the filing year using the beginning date of the organization's fiscal period.

NOTE: BEFORE FILING

If technical issues prevent you from registering or filing with the Form 990-N electronic filing system, try the suggestions below. If the problem still exists after trying all the suggestions below, contact IRS Customer Account Services at 877-829-5500 (a toll-free number). Telephone assistance is also available for individuals with TTY equipment at 800-829-4059.

Take the following steps to prevent problems during the registration and filing processes:

- **Close multiple browsers when registering.**

Errors may occur if you have additional internet browsers open during the registration process. Please close other internet browser windows.

- **Do not use a smart phone to register or file your Form 990-N.**

- **Use correct text characters when registering and filing.**

Ensure that you use only letters, numbers or a hyphen when entering text fields and limit your entries to 35 characters/spaces. These character limits do not apply to password fields. When choosing a password, use only letters, numbers and special characters except the caret (^).

- **Check your spam or junk email folders.**

When registering or requesting a user-identification reminder, check your spam or junk email folders for a response. The email may have been filtered out by your email program.

- **If the suggestions above don't resolve the issue, sign out of the filing system (if logged in), close all programs and shut down your computer. Wait a minute, restart your computer and try again.**

This step is required before calling the Customer Account Services line (877-829-5500) for technical help.

The login ID and password belong to you, not to the organization for which you are filing.
